

Midwest Imaging & Microanalysis Workshop at Notre Dame

*New Trends in In-Situ and High Resolution Electron Microscopy for Nano-technology,
Materials and Bio-Sciences*

May 9th - 10th 2017

**All students, faculty and industrial colleagues are welcome to
attend!**

May 9th: Invited Speakers

Jim Ciston, Lawrence Berkeley National Laboratory

Jianguo Wen, Argonne National Laboratory

Emmanuelle Marquis, University of Michigan

Michael J. Mills, Ohio State University

Jan Rignolda, FEI, Inc

Stephen Mick, GATAN

Wen Jiang, Purdue Cryo-EM Facility

Christopher J. Gilpin, Purdue Life Science Microscopy Facility

Jie Feng, University of Wisconsin-Madison

Jie Jian, Purdue University

David Morgan - Indiana University - Bloomington

Workshop location:

The University of Notre Dame

McKenna Conference Center

Rooms 210 - 214

Notre Dame Avenue

Notre Dame, IN 46556

Participation is free, but a reservation is required. Please, make your reservation by May 1, 2017 by completion of Registration form on the NDIIF Website or email to tbolling@nd.edu

**May 10th: demo sessions on FEI Titan TEM and Women
in Microscopy - Lunch meeting**
